

Movie Maker - Illustrator Portfolio Instructions

You will be creating a showcase of all of your Illustrator drawings.

- Create a folder titled **Movie Maker**
- Copy the 10 portfolio pieces into the **Movie Maker** folder (see rubric)
- Open **Movie Maker**
- Import all **JPEG** images from your **Movie Maker** folder
- Drag images to the video timeline
- Click **View video transitions**
- Drag a video transition in between each video on the timeline
- Preview your video
- Add a title with your name, class period and date
- Save your project into your **Movie Maker** folder (you'll be back in **Movie Maker** after your work in **Audacity**.)
- Open **Audacity** or use audiotool.com to create a 1 to 2 minute song
- Use 2 to 4 songs, no more, you are on a deadline! Remember copyright – no more than 30 seconds can be used of any one song.
- Fade your song out – edit any inappropriate words
- Time your audio track to end with the end of your images
- Save your **Audacity** Project AND export as an **MP3** into your **Movie Maker** folder
- Import **MP3** song into your **Movie Maker** project
- Edit your pictures and song so that they end at the same time.
- Your movie should be at **LEAST** 1 minute long, but no longer than 2 minutes
- Use the **Save to My Computer** option under **Finish Movie** and save movie into your **DGA/Illustrator/Portfolio** folder. Use all of the default settings.
- Mrs. Wehrman will upload your video to her web site. You will need to get the code from her and embed your video on your **Google Site 4th six weeks** page.

Rubric - Movie Maker - Illustrator Portfolio

Points possible	Points earned	
10		<p>The following illustrations are each exported as a JPEG and are included in your movie:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Basic Shapes <input type="checkbox"/> Star with shape inside <input type="checkbox"/> Kaleidoscope <input type="checkbox"/> Animal and People Illustrations <input type="checkbox"/> Outlet <input type="checkbox"/> Screwdriver <input type="checkbox"/> Famous Artist <input type="checkbox"/> Scanner Darkly <input type="checkbox"/> Desktop Design <input type="checkbox"/> Pixar Character
5		Movie includes a title screen with your name, class period and date
5		Project saved in DGA/Movie Maker folder
20		Audio includes a combination of 2 – 4 songs, faded out at the end. Sound is level. (same volume all the way through) audiotool.com may be used to make your own song.
5		Audio plays throughout movie
15		There is a video transition between each illustration
15		Movie ends with end of song – each illustration is shown for about the same amount of time during the movie
5		Movie is 1 – 2 minutes long
20		Movie is “finished” in Movie Maker. Movie is saved as firstname_portfolio.wmv in your DGA/Illustrator/Portfolio folder. Movie is embedded (and plays) on your 4 th six weeks Google Site web page.
